Obama, being a “community organizer” (that is extremist rabble-rouser, who seeks to lead some kind of insurgency) cultivated in globalism, Marxism, sexual perversion, somewhat subtle ethnic bigotry, and Islam (his basic animating ideology to this day [see taqiyya]), goes everywhere spewing his typical, deceitful, anti-truth, and vile nonsense. It’s about all he knows how to do. He does not possess any positive skills for political office, business, etc.

Gonzalo Curiel is listed as a donor, a "Friend"*, to the **California Rural Legal Assistance, Inc...** an organization that:

Sued the State of California to stop implementation of Proposition 187 which denied public **benefits to illegal aliens**.

Sued the INS to stop the denial of **temporary residency to immigrant agricultural workers with criminal records** as mandated by the 1986 Immigration Control Act.

Sued the DMV on behalf of several **illegal aliens** whose applications had been rejected for failure to prove, as required by law, legal residency **to obtain licenses**.

Sued U.S. Attorney Joseph Russoniello for investigating allegations that **unqualified aliens** had been **registered to vote**.

Gonzalo Curiel has served in a selection committee awarding **scholarships to illegal immigrants**.

Could Gonzalo Curiel be biased against anyone who opposes illegal immigration???

The New Democrat Party: Assaulting Women

Observe: This is, just, one of multitudes of examples of the Democrat Party's "War on Women".

When judges do this kind of garbage -- letting off a rapist with 'a slap on the hand' -- should Trump not challenge the motives of the questionable Obama-appointed judge presiding over his case? Moreover, do you remember when SCOTUS Justice Sotomayer said the following in 2001? "I would hope that a wise Latina woman with the richness of her experiences would more often than not reach a better conclusion than a white male who hasn't lived that life."

Do you recall any criticism by so-called "liberals" of this obviously prejudicial statement? I don't remember any such either. (Also, consider the stupidity displayed by the Federal judge, who recently assigned, a pack of unethical, law-breaking Obama DOJ attorneys to take a class on ethics -- this, apparently, is her idea of a sensible punishment for lying to her in court, while acting as sworn officers of the court!)
